This message will go to PHS families this afternoon. Thanks!

Dear Palisades Families,

COVID Notification:

Today, Monday, December 7th, the Palisades School District received notice that a student from Palisades High School tested positive for COVID-19 over the weekend.

The district, working in collaboration with the Bucks County Health Department, has completed a case investigation, contact tracing, and cleaning and disinfecting of contact areas. Close contacts, if any, have been notified. (A close contact is defined as a person who was within six feet for 15 minutes or more of a positive case.)

As a result and per the recommendations of the Pennsylvania Department of Education (PDE) as found at this [LINK](#), the school is not closing for in-person or online instruction due to this positive case.

Please continue to monitor symptoms of your child(ren) and seek guidance from your healthcare provider if symptoms emerge. As always, if your child is sick, please keep him/her at home.

Thank you for your continued support of our staff and students.

Sincerely,

A handwritten signature in black ink that reads "Bridget O'Connell".

Dr. Bridget O'Connell

Superintendent
