

Next steps to reopening:

June 17, 2020

The goal is to reopen schools in the fall of 2020 in the least disruptive way possible for students, families, faculty and staff while adhering to health and safety guidelines shared by the Bucks County Department of Health.

These guidelines were included in the community message sent yesterday and are posted on our website under “Reopening 2020-2021.”

First step to reopening:

Athletic and Marching Band Health and Safety Plan must be Board approved prior to the start of any athletic or marching band activities.

This plan is posted in Board docs under motion J for tonight's meeting.

Key Components:

- Education for coaches
- A risk readiness assessment
- COVID mitigation plan
- Positive cases/screening procedures
- Coach questionnaire/checklist
- Ongoing planning and preparedness and,
- Use of indoor facilities for school athletic teams/band

Second step to reopening:

Palisades School District Health and Safety Plan (released June 5, 2020) must be Board approved prior to the start of any school affiliated activities.

Summer meeting date will be discussed tonight by the Board under the discussion section of the agenda.

Key Components:

- Establishment of Pandemic Coordinator and Team
- Plan development in the following areas:
 - Cleaning, sanitizing, disinfecting and ventilation
 - Social distancing and other safety protocols
 - Monitoring student and staff health
 - Professional Development

Members of Health and Safety Team include: administrators, teachers & medical personnel, support staff member, parents

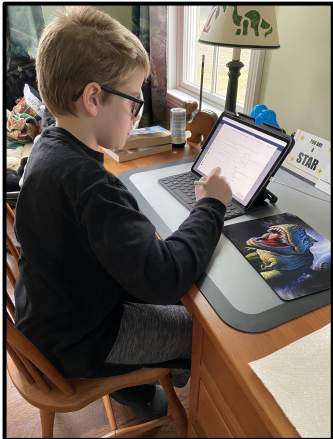

- Reviewed DOH Guidelines and Plan Template on June 17, 2020
- Developing comprehensive budget needs for reopening for the 2020-21 school year
- Procuring supplies and addressing necessary facilities and training needs
- Communicating educational program options

Funding Streams to Support a Safe Opening

- CARES/Essex Grant (Federal)
- COVID-19 Disaster Emergency School Health and Safety Grant (State)
- PEMA/FEMA (State)

- Purchase of cleaning and sanitizing products
- Training and professional development of staff on sanitation and infection prevention
- Equipment purchases (plexiglass, touchless faucets, water bottle filling stations, etc)
- Educational technology for distance learning

What are we doing now to continue to support students and the community?
