

January 9, 2019

Dear Palisades Families:

As a school system, we are committed to creating and sustaining a comprehensive, coordinated effort to improve the overall safety and well-being of our students, educators and administrators.

To do this, we believe this must involve community-wide programs and initiatives involving parents, teachers, administrators, local law enforcement, mental health & wellness professionals and elected officials to take meaningful action to protect our students. I am thankful to those members of our law enforcement and mental health community that participated in our Town Hall Safety and Security Meeting which was held on November 13, 2019.

Today, I am happy to share the launch of the **Safe2Say Something (S2SS)** anonymous reporting system which will go live on January 14, 2019. This program, which is mandated under PA state law / Act 44, provides training for students in grades 6-12 on how to recognize warning signs and signals, especially within social media, of individuals who may be a threat to themselves or others and *Say Something* to a trusted adult OR use its anonymous reporting system. Specifically, the program educates participants to:

- Recognize the signs and signals of at-risk behaviors – especially within social media
- Take every sign and signal seriously; act quickly to get help by talking to a trusted adult OR
- Report it anonymously through the S2SS Office of the Attorney General 24/7 Crisis Center, mobile app, or website
- Respond to and manage the submitted tip via a school-based multi-disciplinary educator and administrator teams
- Sustain the curriculum and awareness via student clubs, in-school activities and call-to-action weeks

Our students often are aware of the problems their peers are facing, so we must empower them to know the danger signs and give them the tools to help each other with the assistance of trained and caring adults. As you know, most conversations are taking place on social media, therefore it is critical that we teach our students to be looking out for one another as these digital conversations are taking place. S2SS teaches them what to look for in text, video and photos while empowering them to act quickly to help a fellow student. **Palisades students (grades 6-12) will participate in an approximately 60 minute training on Monday, January 14th.**

The Palisades team leading this initiative is as follows:

Dr. Bridget O'Connell, S2SS Lead  
Mr. Richard Heffernan, PHS Principal/Assistant to the Superintendent  
Dr. Karl Scheibenhofer, PALMS Principal  
Mr. Eric Gladfelter, Director of Pupil Services  
Ms. Janet Link, Tinicum Elementary School Principal

*Page 2 S2SS cont.*

The S2SS program is being provided through Sandy Hook Promise (SHP), a nationwide non-profit organization. SHP's programs are in 50 states – with 10,000+ schools and over 5.5 million students and adults trained. They have a track record, reputation, and knowledge of how to work effectively with kids, parents, and teachers to improve school safety and culture. The program is age-appropriate and research-based. They also have funding to provide and sustain the program at NO COST to our school (and all schools statewide).

We anticipate that S2SS will help stop school shootings, suicides, and gun threats; it will help reduce bullying and cyberbullying; help intervene upon cutting, drug use, racial conflicts, and other violent and victimization acts.

Please refer to the Safe2Say Something Overview and/or brochure for more detailed information regarding the program.

If you have questions or concerns, please do not hesitate to call or email me directly.

Sincerely,

Dr. Bridget O'Connell  
Superintendent and S2SS District Lead
