Want to Learn to Ski/Snowboard?
Already Know How but Want Discounted Tickets?

Palisades Elementary Ski Program

Has your family ever wanted to learn to ski or snowboard? Already good riders but find lift tickets cost prohibitive? The Palisades Elementary Ski Program is for you!

This program is a way for families to purchase **discounted lift tickets, lessons and rentals from Blue Mountain Ski area**. The discounts offered are substantial – lift tickets work out to be about $20/visit, as compared to the retail price of $45/visit (**55% off**); rentals and lessons are similarly discounted. Blue Mountain is about 1 hr drive from most places in the district, and has both dedicated learning areas (no fast riders zooming through while you're trying to learn) as well as intermediate and advanced slopes for those with experience.

Each package below represents 6 visits to the mountain, and is valid Monday-Thursday anytime except holidays. If you select an option with lessons, they include 6 one hour group lessons. Note that a single 6 visit package covers one person, as each visit must be on a different day. The program is open to all family members who have a child in the Palisades School District; however *please note only children age 8 and up are eligible for lessons*.

To participate, please send an email with the following information _BY OCTOBER 5:_

1. **Name(s) of people who will be skiing/boarding**
2. **Contact Person**
3. **Contact Phone #**

to skiprogram@pmostech.com

You will receive a reply with a link to Blue Mountain's web site, where you will be able to complete your signup and pay via credit card. Tickets will be delivered via student's Friday Folder around the middle of December. Contact Paul Mosinskis with any questions at the above email or @ 610-751-3493.
